MANUFACTURES AND DEALERS OF CARTON BOXES, CORRUGATED SHEETS

We are among the noted manufacturers and suppliers of a wide range of Industrial Packaging products such as Corrugated Boxes.

Our corrugated boxes are made of high quality paper sheets. We make our paper packaging boxes in different dimension sizes as per the specific demands of the industry. Our packaging boxes are widely appreciated for the features like tear resistance, superior surface strength and high storage capacity.

Corrugated boxes are widely used in packaging of cargo materials such as readymade garments, printed clothes, soaps, papers and stationary sheets and many more. We are using different types of machines are used in production of packaging boxes. For easy identification by the customers, many manufacturers provide printed labels on their packaging boxes. To ensure safety of the packed materials in the packaging boxes, companies use different types of sealing tapes and ropes.

CORRUGATED ROLLS

ep cordstrap®

Cord Straps protecting your material and personnel from damage and injuries and load securing

Strapping is the best secure system to the rear of the containers at present.

With our strap your goods will be extremely protected during the transport.

Polyester Strapping has a higher shock absorbing capacity than the steel strap before they breaking. Strap polyester strapping requires more energy to break.

It is very important to keep strapping light at all time during the transport. About the recovery and elongation, woven strapping is much better than PP strapping, and it will not lose its tension if the load expands.

We have pp box strapping rolls from pure virgin material and it is used in manual, semi auto and fully auto box strapping machine.

We also manufactured pp box strapping rolls in different 5 colours. used in standard packaging of home appliances product safety for packing
